

REMARKS

The Examiner's indication that claims 1, 9, 19, 28, 76 and 84 would be allowable if resubmitted is noted with appreciation. These claims and claims dependent therefrom have been presented in the second Amendment After Final Rejection.

Reconsideration of the rejection of claim 57 is requested. Claim 57 was previously amended to contain the subject matter of claim 58 and is again presented containing the subject matter of claim 58 in view of the Examiner's indication that the subject matter of claim 58 in the Final Rejection of November 17, 2004 was allowable.

Claim 43 has been amended to contain the subject matter of claims 92 and 97 which have been cancelled. The subject matter of claim 97 was inadvertently not combined with the subject matter of claim 43 in the first Amendment After Final rejection.

The subject matter of claim 60 has been combined with the subject matter of claim 65 which is a combination of the subject matter of claims 1, 60 and 65. The subject matter of claim 65 was inadvertently not combined with the subject matter of claim 60 in the first Amendment After Final Rejection.

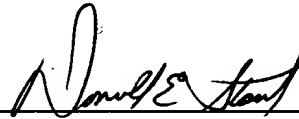

In view of the foregoing amendments and remarks, it is submitted that each of the claims in the application is in condition for allowance. Accordingly, early allowance thereof is respectfully requested.
